

Hand Surgery Primer for Students of the Hand

by L. Hurst and S. Muhlrاد

Hand Surgery Resource Newsletter Volume 2, Number 3

SURVEY: REPLANTATION SURGERY

We are studying the current microsurgical practices associated with thumb, digit and hand replantation. The linked Survey Monkey will help determine what factors are most important to you when evaluating and performing microsurgical replantations. This survey should take no more than 10 minutes. Your responses are completely anonymous. Your time and input is greatly appreciated!
